Our Team

Given our strong company morale and long-term employment focus, ICM strongly believes in building a professional team from the ground up. We offer our employees opportunities for advancement, including education and certification.

We promote employee growth, mutual respect, safety and open communication with all staff members. Since our inception in 2001, we have built a strong team of management professionals that possess strong organizational, people oriented and leadership skills. Each of our dedicated managers have been carefully appointed and have shown enormous commitment during their long tenure at ICM.

Understanding Where We Fit In

One aspect that we take pride in, is our ability to provide our clients with cost efficiency to ensure that all budgets are realized. We also provide our clients with a quality of workmanship that ensures all design requirements are adhered to. We are aware of the impact our industry has on the environment, and we are taking steps to ensure our team is aware of these issues. To help with environmental issues we are working towards mandates such as the LEED program and proper waste management practices.

QUALITY AND RELIABILITY

At ICM we understand the importance of providing our clients with the highest quality of workmanship. Our continued success is attributed by our dedication and understanding of our clients priorities and needs. We believe that long term client relationships are achieved by performing up to, and beyond our clients expectations.

COMPETITIVE RATES

At ICM we offer competitive pricing and consistency in delivering projects on time and within budget. We understand that saving costs is important to our clients and we achieve this by constantly increasing our subcontractor and supplier database.
